To: Whom it may Concern;

When we decided to relocate to the Redding area from Long Beach, California, we knew that we wanted to build our “dream home”. However, because we would still be residing in Southern California for a majority of the construction period, our project required the services of a builder we could totally trust for all the activities involved.

In that regard, we were extremely fortunate that we selected Mike Shufelberger as our contractor. Mike has over 26 years experience in the Redding area in all areas of construction. He has an impeccable reputation for honesty and integrity. In addition to Mike’s numerous skills, his staff...and the sub contractors he selected...performed above and beyond our highest expectations.

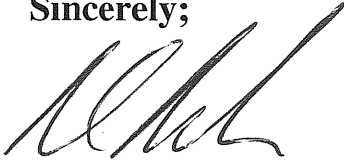

During the entire construction period, Mike personally supervised all aspects of the work being performed. In addition, he also worked directly with Wells Fargo Bank (our construction lender) on our behalf. In that regard, he consistently treated every cost as if it were his own money.

In short, on a scale of 1 to 10...with 10 being the highest...Mike is a “14”! !!!
Accordingly...without hesitation...we would strongly recommend Mike to

anyone who is seeking an outstanding builder who will deliver the highest quality construction.

Please feel free to contact us if you need more information or if you would like to discuss any aspects of this letter. Also, if you would like to visit our new home, please feel free to ask Mike for a tour.

Sincerely;

Dick Recchia
